

Remarks

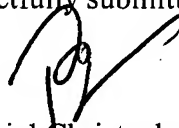

This Response is submitted in response to the Advisory Action dated August 2, 2007 and supplements the Response that was filed on July 19, 2007. This Response is submitted together with a Request for Continued Examination and assumes entry of the July 19, 2007 Response into the official file.

The Applicants have amended Claim 11 in accordance with the Examiner's helpful suggestion with respect to the amount of the resin. It is now present in an amount of 5 to 20 g/m² along with previously amended Claim 1. Also, Claim 11 has been amended to change "resin elastomer" to "silicone resin" in the same manner as Claim 1.

The Applicants respectfully submit that Claim 11 is now fully commensurate in scope with the remarks set forth in the previous Response of July 19, 2007. Entry of the amendments into the official file and consideration on the merits is respectfully requested.

In light of the foregoing, the Applicants respectfully submit that the entire Application is now in condition for allowance, which is respectfully requested.

Respectfully submitted,
